

## 2020 West Virginia Health Care Privacy Regulations and HIPAA Preemption Analysis

This chart provides an overview of the West Virginia health care privacy related regulations and an analysis of the preemption issues arising under the Privacy, Security, Breach Notification, and Enforcement Rules (45 C.F.R Parts 160, 162, and 164) of the Health Insurance Portability and Accountability Act of 1996, as amended by and including the regulations issued by the Department of Health and Human Services by the Health Information Technology for Economic and Clinical Health Act, Subtitle D- Privacy (§§ 13400 – 13424) (HIPAA). To assist healthcare providers and other entities in the complicated task of determining whether West Virginia state regulations have been preempted by HIPAA. This legal advisory chart was a new addition to the 2014 preemption analysis of applicable West Virginia state law provisions which appear to implicate HIPAA; therefore this chart will be updated with applicable West Virginia state regulations on a going forward basis as they are implemented by the legislature. Please note that this is not a comprehensive list of all applicable West Virginia regulations which may implicate a HIPAA analysis.

This survey is in a matrix consisting of seven columns. The first column is a general reference to the subject matter of the regulation. The second column is the specific West Virginia Code of State Rules citation or citations, which include embedded links to the complete regulatory language located on the West Virginia Secretary of State's website. The third column discusses the impact of each state regulation upon the privacy or security of protected health information as defined in HIPAA. In the fourth column is the corresponding HIPAA citation. The fifth column states whether HIPAA has preempted this state regulation. If the answer is yes, the extent to which the state regulation is preempted is sometimes described in the "Comments" column, along with other general comments regarding the law. The sixth column indicates whether the state regulation is more stringent or more detailed or whether HIPAA is more stringent or more detailed.

Covered entities, as defined under HIPAA, should generally follow the law that is more stringent, but may have to comply with both laws in some cases. Where the remark is "Both" in the sixth column, the comments describe which part of the state regulation is more stringent or detailed, or which part of HIPAA is more stringent. Finally, the last column provides any commentary relevant to this analysis of the state regulation. However, the assessment of whether a state regulation is preempted or not is only an educational guide and resource, and any final determination on whether such state regulation is preempted would have to be the result of court action or decision. Those using the assessment are encouraged to seek legal advice concerning how the various laws and regulations may impact their own particular facts and circumstances.

This preemption analysis chart is a working document that is subject to review and revision. All individuals and entities that review this document are encouraged to provide feedback and omitted regulations to the Chief Privacy Officer for the West Virginia State Privacy Office at: [stateprivacyoffice@wv.gov](mailto:stateprivacyoffice@wv.gov)

In addition to the preemption chart below, other useful information and links related to HIPAA and health care privacy and security can be found at the following:

1. West Virginia State Privacy Office: <http://www.privacy.wv.gov>
2. U.S. Department of Health and Human Services (HHS), Office for Civil Rights, Health Information Privacy: <http://www.hhs.gov/ocr/privacy/index.html>
3. The Office of the National Coordinator for Health Information Technology: <http://www.healthit.gov/providers-professionals/ehr-privacy-security>

There are a number of regulations that have been suspended as a response to the COVID-19 Crisis. The full list of suspended regulations may be found at: <https://sos.wv.gov/admin-law/Pages/SuspendRules.aspx>

		must keep them confidential, except as necessary to further the investigation.				within the complaint file as set forth in W.Va. Code § 30-3-14(i).
Regulation of Mixed Martial Arts	<a href="#">§177-2-1 et seq.</a>	Generally establishes rules for Mixed Martial Arts events. Regulates necessary licenses, permits, insurance, and rules for bouts. Regulations require a pre-fight medical inspection and certification by a duly licensed physician approved by the Commission. Licensed MMA Fighters must submit evidence that they are free of HIV, Hepatitis B, and Hepatitis C. Regulations also prohibit the use of controlled substances without a prescription, and the Commission may order a drug test for such substances.	164.512(a), (b)	No	State Law	2018 updates requires fighters be given medical inspections prior to and after bouts at a minimum.
Pilot Program for Drug Screening of Applicants for Cash Assistance	<a href="#">§78-26-8</a>	The program requires applicants for the Temporary Assistance for Needy Families program (TANF) to answer a drug use questionnaire and take drug tests upon reasonable suspicion. Positive drug tests result in entrance into a treatment program as precondition for benefits. Rules state that results of drug screens shall be confidential and not shared, except as otherwise authorized. Positive tests can be addressed through treatment programs.	164.512(a), (e)	No	State Law	Pilot program extended to October 23, 2021. No changes to confidentiality provision.  Regulation suspended due to COVID-19 State of Emergency.
Uniform	<a href="#">§15-2-1 et seq.</a>	The rules generally deal with the	164.512(a), (b),	No	State Law

Controlled Substances Act		registration, control, manufacture and distribution of controlled substances within the state. The regulations specify recordkeeping requirements for different schedules of controlled substances. Information relating to schedule I and II drugs are required to be maintained separately from all other records of the pharmacy.	(d), (e)			
Immunizations Administered By Pharmacists and Pharmacy Interns	<a href="#">§15-12-7</a>	This section requires that patient records be kept for immunizations by pharmacists and forwarded to the patient's primary care physician, if applicable, and the West Virginia Immunization Information database. Requires parental consent for influenza or HPV immunization for minors. Requires adverse events to be reported to national and state health agencies as well as primary physicians.	164.512(b), (d)	No	State Law	2020 updates to regulations do not change record keeping requirements.
Centralized Prescription Processing	<a href="#">§15-14-3</a>	These are rules to create standards for the fulfillment of prescription drugs in the state. This requires that there be an adequate system to secure confidential patient records and that the pharmacy is responsible for maintaining and storing prescription, prescription fulfillment, drug tracking, and receipt information. This information must be provided within 72 hours of any request by the Board or its	164.512(b), (d)	No	State Law	2020 update excludes ability of pharmacy to outsource Schedule II controlled substances listed in WV Code §60A-2-206.

		designees.				
Registered Nurses Disciplinary Actions	<a href="#">§19-9-4</a>	This section provides a complaint procedure for registered nurses. The code states that the Board may review patient records during an investigation, but must redact any identifying information that is to be introduced into evidence at any disciplinary hearing.	164.512(a), (b), (d), (e)	No	State Law	Updates in late 2018 expands on the complaint and investigation process. These updates do not change the requirements to remove identifying information prior to introducing evidence at a disciplinary hearing.
Insurance Commissioner – AIDS Regulations	<a href="#">§114-27-5</a>	Regulations establish standards for AIDS testing as it relates to insurance policies. Testing results, and the occurrence of testing, are to be kept confidential. Also imposes pre-test requirements on informed consent. The regulations also cite appropriate circumstances for disclosure and requirements for removing personally identifiable information from such disclosures to certain entities. Allows for disclosures for testing payment and entitled government agencies.	164.502(d) 164.506 164.512(a)	No	State	
Osteopathic Physician Assistants	<a href="#">§24-02-1 et seq.</a>	This rule establishes rules for the licensure, regulation, and discipline of an osteopathic physician assistant. The regulation authorizes examinations of medical records for compliance audits. Disciplinary procedures are to be held in	160.203 164.512(a), (d), (e)	No	State	The Board has suspended certain licensure requirements in order to maximize the number of medical providers available

		accordance with cited provisions of state code and regulations articulated in §24-2-20.1.				for the COVID-19 crisis.
Pharmacy Record Keeping and Automated Data Processing Systems	<a href="#">§15-4-1</a>	This regulation establishes and articulates standards for pharmacy data processing, data confidentiality standards and practices, and reporting. Pharmacies must keep records of prescription drug dispensing for 5 years and the least year of dispensing records must be immediately accessible. Data on prescriptions beyond 1 year but less than 5 must be reported to proper authorities within 72 hours of a request. The regulation provides for proper standards for data storage and articulates specific standards for controlled substances. Data on dispensing a controlled substance must be retrievable within 72 hours. Requires auxiliary record system for controlled substances in the event that the main record system is down. Provides provisions for record maintenance, security, and disclosure to Pharmacy Board.	160.203 164.506 164.512(a),(b), (d), (e), (f)	No	State	Disclosure provision to Board of Pharmacy is limited to Board's authority under WV Statute and Regulation.
Medical Cannabis Act	<a href="#">§64-109-1 et seq</a> <a href="#">64-110-1 et seq</a> <a href="#">64-111-1 et seq</a> <a href="#">64-112-1 et seq</a> <a href="#">64-113-1 et seq</a>	General provisions are contained within §64-109 and contain record requirements in §64-109-3 and -8. Regulations for Growers and Processors are contained in §64-110, Laboratories in §64-111, and	160.203(d) 164.506(c) 164.512(a), (b), (d), (e), (f)	No	State
