**National Cybersecurity Awareness Month (NCSAM) – observed every October – was created as a collaborative effort between government and industry to ensure every American has the resources they need to stay safer and more secure online.**

Since its original inception under leadership from the U.S. Department of Homeland Security and the National Cyber Security Alliance (NCSA), NCSAM has grown exponentially, reaching consumers, small and medium-sized businesses, corporations, educational institutions and young people across the nation. Now in its 16th year, NCSAM continues to build momentum and impact co-led by NCSA and the [Cybersecurity and Infrastructure Agency \(CISA\)](#).
